Featuring
VitalStrong™
Rehabilitation

Getting you home faster and stronger

Our staff prides itself on providing comprehensive short-stay rehabilitation services through our **VitalStrong™** program. VitalStrong™ has been developed to provide state-of-the-art clinical and rehabilitation services utilizing progressive technology, with clinical oversight by a physiatrist – a doctor of physical medicine and rehabilitation.

Our team of experts, including licensed physical and occupational therapists and speech language pathologists, provide therapy services up to seven days per week.

We are proud to offer our innovative **WalkStrong** program for orthopedic rehabilitation. This comprehensive short-stay program for post-surgery recovery following knee, hip, neck, spine or shoulder injury, fracture or replacement is individualized to meet your specific needs to get you home faster and stronger.

Pineview offers a 52 bed **Progressive Pulmonary Care Unit (P²CU)** for ventilator care and weaning. With a 10 chair dialysis unit located on the same floor, Pineview is the premier provider of vent-dialysis services.
